

Skyline West Neighborhood Bird List*

Compiled by Dan Roby and Nancy Allen - 8/17/19

All these species have been seen or heard in/over the Skyline West Neighborhood.
This list is not exhaustive and other bird species certainly occur in Skyline West.
If you see a new species to add to the list or find an error in this annotated list,
please let us know at: daniel.robby@oregonstate.edu.

1. **Greater White-fronted Goose** - flocks occasionally seen & heard overhead during migration
2. **Cackling Goose** - flocks occasionally seen and heard overhead during migration
3. **Canada Goose** - flocks occasionally seen and heard overhead during migration
4. **Wood Duck** - rare year-round visitor to neighborhood; may nest
5. **Gadwall** - rare winter visitor to neighborhood
6. **Mallard** - uncommon year-round visitor to neighborhood; may nest
7. **Hooded Merganser** - uncommon year-round visitor to neighborhood; nests nearby
8. **Mountain Quail** - rare year-round visitor to neighborhood; may nest
9. **California Quail** - fairly common year-round resident in neighborhood; nests
10. **Wild Turkey** - common year-round resident in neighborhood; introduced gamebird; nests
11. **Great Blue Heron** - uncommon year-round visitor to neighborhood
12. **Turkey Vulture** - common summer resident seen overhead and in neighborhood; may nest
13. **Osprey** - uncommon year-round visitor seen overhead from neighborhood
14. **Bald Eagle** - uncommon year-round visitor seen overhead from neighborhood
15. **Northern Harrier** - uncommon year-round visitor seen overhead from neighborhood
16. **Sharp-shinned Hawk** - uncommon year-round resident; common in migration; may nest
17. **Cooper's Hawk** - common year-round resident; nests in neighborhood
18. **Red-shouldered Hawk** - in last 5 years has become a common year-round resident; nests
19. **Red-tailed Hawk** - common year-round resident; frequently seen circling overhead; nests
20. **Killdeer** - uncommon year-round visitor to neighborhood
21. **Wilson's Snipe** - rare winter visitor to neighborhood
22. **Band-tailed Pigeon** - common summer resident in neighborhood
23. **Eurasian Collared-Dove** - in last 5 years has become common year-round resident; introduced
24. **American Mourning Dove** - common year-round resident in neighborhood; nests
25. **Western Screech-Owl** - uncommon year-round resident in neighborhood; may nest
26. **Great Horned Owl** - fairly common year-round resident in neighborhood; nests
27. **Northern Pygmy-Owl** - uncommon year-round resident in neighborhood; may nest
28. **Barred Owl** - uncommon year-round resident; recent arrival from eastern U.S.
29. **Northern Saw-whet Owl** - rare visitor to neighborhood during migration
30. **Vaux's Swift** - uncommon summer resident seen overhead from neighborhood; may nest
31. **Anna's Hummingbird** - common year-round resident in neighborhood; nests

32. **Calliope Hummingbird** - rare spring visitor to neighborhood during migration
33. **Rufous Hummingbird** - common summer resident in neighborhood; nests
34. **Belted Kingfisher** - uncommon year-round resident and visitor to neighborhood
35. **Lewis's Woodpecker** - rare visitor to neighborhood during migration
36. **Acorn Woodpecker** - fairly common year-round resident in neighborhood; nests
37. **Red-breasted Sapsucker** - uncommon year-round resident in neighborhood; nests
38. **Downy Woodpecker** - fairly common year-round resident in neighborhood; nests
39. **Hairy Woodpecker** - uncommon year-round resident in neighborhood; nests
40. **Northern Flicker** - common year-round resident in neighborhood; nests
41. **Pileated Woodpecker** - uncommon year-round resident in neighborhood; may nest
42. **American Kestrel** - uncommon year-round visitor to neighborhood, seen overhead
43. **Peregrine Falcon** - rare visitor to neighborhood; seen overhead during migration
44. **Olive-sided Flycatcher** - uncommon summer resident in neighborhood
45. **Western Wood-Pewee** - fairly common summer resident in neighborhood; may nest
46. **Willow Flycatcher** - rare visitor to neighborhood during migration
47. **Cassin's Vireo** - uncommon visitor to neighborhood during migration
48. **Hutton's Vireo** - uncommon summer resident; fairly common during migration; may nest
49. **Warbling Vireo** - fairly common summer resident in neighborhood; nests
50. **Steller's Jay** - common year-round resident in neighborhood; nests
51. **California Scrub-Jay** - common year-round resident in neighborhood; nests
52. **American Crow** - common year-round resident in neighborhood; nests
53. **Common Raven** - fairly common year-round resident seen overhead from neighborhood
54. **Purple Martin** - uncommon visitor during migration seen overhead from neighborhood
55. **Tree Swallow** - uncommon visitor during migration seen overhead from neighborhood
56. **Violet-green Swallow** - common summer resident & migrant seen overhead
57. **Cliff Swallow** - uncommon visitor during migration seen overhead from neighborhood
58. **Barn Swallow** - fairly common summer resident & migrant seen overhead; nests
59. **Black-capped Chickadee** - common year-round resident in neighborhood; nests
60. **Chestnut-backed Chickadee** - fairly common year-round resident in neighborhood; nests
61. **Bushtit** - fairly common year-round resident in neighborhood; nests
62. **Red-breasted Nuthatch** - common year-round resident in neighborhood; nests
63. **White-breasted Nuthatch** - fairly common year-round resident in neighborhood; nests
64. **Brown Creeper** - fairly common year-round resident in neighborhood; nests
65. **Northern House Wren** - uncommon summer resident in neighborhood; may nest
66. **Pacific Wren** - uncommon year-round resident in neighborhood; may nest
67. **Bewick's Wren** - fairly common year-round resident in neighborhood; nests
68. **Golden-crowned Kinglet** - uncommon winter resident in neighborhood

69. **Ruby-crowned Kinglet** - fairly common winter resident and visitor during migration
70. **Wrentit** - uncommon year-round visitor to neighborhood; may nest
71. **Western Bluebird** - fairly common year-round resident in neighborhood; nests
72. **Swainson's Thrush** - fairly common summer resident in neighborhood; nests
73. **Hermit Thrush** - uncommon migrant and winter resident in neighborhood
74. **American Robin** - common year-round resident in neighborhood; nests
75. **Varied Thrush** - uncommon winter resident in neighborhood
76. **European Starling** - common year-round resident in neighborhood; introduced; nests
77. **Cedar Waxwing** - fairly common migrant and summer resident in neighborhood; nests
78. **Orange-crowned Warbler** - fairly common migrant and summer resident; may nest
79. **Common Yellowthroat** - fairly common summer resident in neighborhood; nests
80. **Yellow-rumped (Audubon's) Warbler** - fairly common migrant; uncommon winter resident
81. **Black-throated Gray Warbler** - fairly common migrant and summer resident; nests
82. **Townsend's Warbler** - uncommon winter resident and fairly common migrant
83. **Hermit Warbler** - uncommon migrant and summer resident in neighborhood; may nest
84. **Wilson's Warbler** - common migrant & summer resident in neighborhood; nests
85. **Yellow-breasted Chat** - uncommon migrant and summer resident; may nest
86. **Spotted Towhee** - common year-round resident in neighborhood; nests
87. **Chipping Sparrow** - fairly common summer resident in neighborhood; nests
88. **Fox Sparrow** - common winter resident in neighborhood
89. **Song Sparrow** - common year-round resident in neighborhood; nests
90. **Lincoln's Sparrow** - uncommon winter resident & migrant in neighborhood
91. **White-throated Sparrow** - uncommon winter resident in neighborhood
92. **Harris's Sparrow** - rare winter visitor to neighborhood
93. **White-crowned Sparrow** - uncommon winter resident & fairly common migrant; may nest
94. **Golden-crowned Sparrow** - common winter resident in neighborhood
95. **Dark-eyed (Oregon) Junco** - common year-round resident in neighborhood; nests
96. **Western Tanager** - common migrant and uncommon summer resident; nests
97. **Black-headed Grosbeak** - common summer resident in neighborhood; nests
98. **Lazuli Bunting** - uncommon summer resident in neighborhood; may nest
99. **Red-winged Blackbird** - common year-round resident in neighborhood; nests
100. **Brewer's Blackbird** - uncommon year-round resident and visitor; may nest
101. **Brown-headed Cowbird** - fairly common resident in summer and visitor during migration
102. **Bullock's Oriole** - uncommon visitor to neighborhood during migration; may nest
103. **Purple Finch** - fairly common year-round resident in neighborhood; nests
104. **House Finch** - fairly common year-round resident in neighborhood; nests
105. **Red Crossbill** - rare visitor to neighborhood during migration and winter
106. **Pine Siskin** - fairly common year-round resident, especially in winter; eruptive

107. **Lesser Goldfinch** - common year-round resident, especially in summer; eruptive; nests

108. **American Goldfinch** - common year-round resident; eruptive; nests

109. **Evening Grosbeak** - fairly common migrant, especially during spring; uncommon otherwise

* This annotated list follows the order and nomenclature of the American Bird Conservancy's "List of Birds of the United States," available at www.abcbirds.org
